# Valnes WebLock Central Wired Installation (DLAV4)

## Best for new buildings and big facilities

**Installation type:** Wired

**Entry options:** Keypad  
Keycard  
Remotely from mobile or desktop  
Mobile app  
RFID  
QR code or bar code  
API

**Pros:** Online solution

Easy to maintain as controllers and backup power are in one or in a few locations

Many entry options

No batteries to change

**Cons:** An existing building may need additional wiring
